

REVISED FRANCHISE SCHEME (AN ALTERNATIVE SCHEME) TO ACCESS POSTAL COUNTER SERVICES IN URBAN AND UPCOMING URBAN AREAS

(1) Introduction

The Department of Posts is entrusted with providing access to basic postal facilities throughout the country. Even though India has the largest postal network in the world, with about 1.55 lakh Post Offices, there continues to be a demand for Post Offices. In order to effectively meet such demand, the Department of Posts started providing access to postal counter services by opening of Franchised Outlets in urban and upcoming urban areas, where a post office is justified but cannot be opened.

(2) Basic features of the urban franchise model:

- 2.1 Only counter services are to be franchised, while delivery and transmission will continue to be through the Department. Linking arrangements for the franchised outlets will be provided by the franchises.
- 2.2. The franchise will provide service across the counter for a minimum defined time schedule with flexibility to work round the clock.

2.3 Products and services offered:

1. Sale of stamps and stationery;
2. Booking registered articles, speed post articles, money orders (on EDBO model), e-post, etc. Bulk booking of registered/speed post articles is allowed without any limit. No rebate for bulk booking of speed post articles will be admissible over and above the commission payable to the franchises as applicable from time to time. However, the franchises will not do bulk booking from BNPL customers. Further, Link Post Offices should report any cases of heavy bulk bookings to the HO. The HO would send a report to the Divisional Office. The Divisional Office will then alert the Marketing Executives in the Speed Post Centres etc. to make efforts to bring such customers into the fold of the BNPL Scheme of the Department. The restrictions imposed by the Department regarding bulk booking on the outsourcing agents would also be applicable to the franchisee for bulk booking.
3. Franchise outlets will not book any money order for a value less than Rs.100/-
4. Functioning as a direct agent for PLI and provide related aftersales service, including collection of premia. (subject to fulfillment of criteria for PLI agents);
5. Marketing products for which the Department has a corporate agency or tie-up and provide related follow up services (subject to agreement with the other organizations involved);

6. Providing retail including sale of revenue stamps and CRF stamps and bill/tax/fine collection/payment services of the Department (subject to agreement with the other organizations involved);
7. Facilitating the provision of e-governance and citizen centric services (subject to agreement with the other organizations involved);
8. Any other service introduced by the Department in future through its outlets which is considered amenable to the franchise model (subject to agreement with the other organizations involved).

The model has adequate flexibility built in to allow a range of services to be extended through the outlets according to the need / demand, and to increase the range when found necessary. Thus, the range of counter services that can be offered through different outlets can vary, keeping in view the location and its capacity to generate revenues.

2.4 Implementation Strategy:

Franchise model will be implemented in fast developing areas of urban growth like metros and their satellite towns, as also such urban areas where there is a justification for post offices on the distance and population norms but there is difficulty in providing the same through redeployment/ relocation. In addition, the Head of the Circle may relax the norms in such cases where there are significant revenue potential and franchise may be opened subject to a minimum monthly revenue generation of Rs.50,000 per month, and no adverse impact to neighbouring Post Offices. Continuation or otherwise of these franchisees would be decided on the basis of final review. The first review will be conducted 6 months after opening of the outlet and the final decision regarding its continuation or otherwise will be taken 6 months thereafter i.e one year after opening of the outlet concerned.

2.5 Viability:

The viability of each franchise only requires to be assessed by the concerned field unit so as to ensure adequate returns to the franchise. The expected minimum revenue would depend on the range of services, particular location, potential revenue, the investments that the franchise is willing to make, the cost likely to be incurred by the Department in providing support facilities, etc.

2.6 Criteria for Selection:

Applicants for franchises would need to submit an application in a prescribed proforma (**Annex-I**). The selected franchise will sign a Memorandum of Agreement with the Department (**Annex-II**).
